

Meeting someone new

Elizabeth Matchett
CLTA/CWLP Startalk Summer Seminar
July 2017

Sharing about our new friends

Core Practice: Design Oral Interpersonal Communication Tasks

- ✦ Find a partner
- ✦ Decide who is A and who is B.
- ✦ Talk about the elements of a phone conversation: *greeting, brief small talk, accomplishing the purpose of the conversation, saying goodbye*
- ✦ Get the paper that corresponds to your letter.
- ✦ Pretend you are having a phone conversation (sit back to back or “use” your phone).
- ✦ Follow the script on your papers to share information about the person you met yesterday.

Onward and Upward

- ✦ One of the core practices is to incorporate **daily interpersonal activities** into your lessons.
- ✦ How could you adapt this activity for use in your classroom?
- ✦ How could you adapt this activity for your leadership context?
